

MANUFACTURER'S SAD ANE MOURNFUL WAIL

The Association Accepts Resolution Expressing Alarm at the Attitude of the Government Toward the Woolies Industry in the Woolly Protection. Resolution is Quite Positive.

Montreal, Sept. 16.—The Canadian Manufacturers' Association, by a vote of 10 to 5, today adopted the following resolution:

"Whereas, the industrial census of 1901 abundantly proves the gradual extinction of this important industry;

"Whereas, the woolen section suggested to the government a tariff that would protect the industry, and which would reduce, rather than increase, the cost to the consumer;

"Whereas the slight alterations have not relieved the situation;

"Whereas, the Canadian Association, in its annual convention, views with alarm the attitude of the government towards the industry established in so many parts of the Dominion, and which gives employment to so many Canadian people, and protects the Canadian government discriminating in favor of the established factories as against the Canadian."

A proposal to remove the headquarters of the Canadian Association from Ottawa was referred to the headquarters of the Canadian government.

As the outcome of an important discussion on technical education, a motion was agreed on in favor of approving a committee of 12 to consider a bill for a \$10,000 towards the cost of the same, and to submit the bill to the education committee. It is proposed that provincial authorities with a view of securing legislation on the subject, will be necessary to have, if the inquiry is to be held.

The election of officers resulted as follows:

President—R. E. Hobson, Hamilton. Vice-President—H. H. Rockwood, Vancouver.

Financial Vice-President—Montreal. A. MacKenzie, Winnipeg, Saskatchewan, and Alberta. P. Burns, Calgary; British Columbia. J. C. Woods, Vancouver.

CANADA CONTROLS PULP.

Market is in Own Hands—Evidence by Papermaker Before Commission.

Appleton, Wis., Sept. 18.—"Because the market is in our hands, the Canadian, and labor, consider that we, as a people, would have to go out of business if the tariff on woodpulp were to be increased. We are getting higher prices for our sulphite than the market price for the present time," said N. H. Jones, president of the manager of the Katahdin Pulp and Paper Company, at Lincoln, Me., before the Senate Committee on Investigation Committee, Mr. Jones said:

"Committee, Mr. Jones said:

"I think we can get our material as cheaply as the Canadian mills do, we would have to quit business, if we could not get a tariff."

"Chairman Mann of the investigating committee asked Mr. Jones if, in his opinion, the market price was practically sufficient for the most important paper mill, Mr. Jones replied by saying that in Montreal the paper was practically inexhaustible, especially in Wisconsin, Michigan, and West Virginia, where most of the paper mills are located. The manager of the paper mill said he would be obliged to procure the pulp, if a treaty were made, and Canada would be obliged to have the paper mill closed from Canada."

"The next thing I see to do," said Mr. Jones, "is to make a treaty with Canada; not as a tariff, not as a Reparation, but as a paper mill, a paper mill, a paper mill, now, but a treaty whereby the tariff on pulp will be allowed to purchase pulp in Canada. The same figures that Canada mills do, but a paper mill, now, in the late autumn, European pulp, per cent, is our greatest competitor, not Canada. The paper mill in the United States, Canada is large enough to buy the pulpwood, sulphite, and paper made, but a paper mill, now, in the late autumn, if a treaty were made, and Canada would be obliged to have the paper mill closed from Canada."

SHOT BY HIS BROTHER.

Experienced Hunter Missed by Dim Light.

Fredrickson, N.H., Sept. 14.—While out hunting, last evening, Captain John Fredrickson, of New Haven, Maryland, about 14 miles from town, was shot by his brother by mistake for a deer, in a critical condition.

The accident, in the woods about six miles from town, occurred when the brother was obliged to remain alone on the ground for hours while his brother was hunting. In the morning when the survivors were summoned reached the side of the shot hunter, but he died before the light. At daybreak Sunday was taken to the hospital, where he was wounded by a fort-night. After his discharge, he was hunting again, when the shooting was discovered by the dim light of evening, when the pair were at a distance of 150 yards.

MORE INSULTS FOR THE
WESTERN FARMER.

The Canadian Manufacturers' Association at their annual gathering in Montreal were exercised to know "How the farmers of the West are to influence the tariff so as to injure the Eastern manufacturers." The Eastern manufacturers, who "objected to his 'dominating the tariff,'" one valiant voiced his protest by declaring that "The money of the East built the West." Another thought "If the West is to be taxed, let us tax the East if it is money we know of it."

If these gentlemen are representatives of the Canadian manufacturers by no means can be概括化 to say that they are the Western farmer and his allies. They pre-suppose on their part a malignant desire to injure their businesses and a "thumping" ambition to run the whole nation. They are the ones who are the most uncompromising advocates that the majority of the Western farmers were born in the East, and that a desire on their part to injure the East or its interests would be a yearning to make war on the West. The Eastern manufacturers, the Western farmer devoid of all sentiment of loyalty, or all sense of his obligations, that they accuse him of entertaining and fostering a spirit of communal disintegration, and they that the men who pay taxes to maintain those interests to get less for maintaining them than any other class of section of the Canadian people.

SECOND BEST.

Edmonton travels in good society in the London money market. For the current five per cent, debentures of four Canadian cities have ranged from:

Toronto 105% to 107%
Edmonton 103% to 107%
Winnipeg 101% to 105%
Montreal 99% to 101%

Edmonton was second best, but second best in this class is pretty good.

IS THIS ADOPTION?

Mr. Amos Adams, the蒙古人 of the Hudson's Bay, has been adopted by the Conservative party. Just when, where and how the party adopted him, or, when, and in what manner they were given a chance to accept, amend, or reject it he did not say. He did say, however, that the information he produced may be "misunderstood for respectfully declining to accept the assurance. As a reason for doing so, he cited the opinion of the Canadian Manufacturers' Association. For you can see in the "Universally newspaper in the Dominion on the most important proposal in the Halifax calendar. The Montreal Gazette, was fighting the battle of

REPUBLICANS ARE IN HANDS OF STANDARD OIL

William Randolph Hearst Charges Party With Selling Out to the Octopus—Has Documentary Evidence Supporting to Substantial His Charges

Columbus, Ohio, Sept. 18.—William R. Hearst in an address tonight under the auspices of the local organization of the American Legion read a series of letters which he said had been written by John D. Archibald, of the Standard Oil Co., to him. Mr. Hearst, a native of Ohio, referring to legislation pending in Congress, which mentions two oil companies, said: "The Standard Oil Co. has been a long time the beneficiary of trust corruption and the Democratic party has been a party to it. The Standard Oil Co. is the sister's profitable infamy. He commented that he had never known of a gentleman who had a stronger association with the giant of corruption, the Standard Oil Co., than I have. I am glad to see that he is to be subjected to the persecution of this broadway. New York.

March 9th, 1900.

"My Dear Senator—We have your favor of last night with your understanding which letter with letter from Mr. Eliot will be forwarded to you with you herewith. Perhaps it would be better to make a demonstration against the Standard Oil Co. in the ninth clause to which Mr. Eliot refers, should be struck out and the same inserted in the bill introduced by Mr. Price in relation to foreign corporations on the same objective clause occurs.

"Am glad to hear that you think the situation is not with you hand. Very truly yours,

"John D. Archibald."

"Hon. J. R. D. Archibald,"
"Washington, D.C."

"March 16th, 1900.

"Dear Sir—In view of your understanding, I now beg to enclose a certificate of deposit of your favor for \$15,000, which I hereby acknowledge receipt of and oblige,

"Yours very truly,

"John D. Archibald."

"28 Broadway, New York."

"Feb. 16th, 1900.

"My Dear Senator—I enclose you certificate of deposit to your favor for \$14,000.

"We are still at a loss in the matter. I send the original in duplicate with the copy of John D. Archibald to have a very frank talk with you when opportunity offers if you desire.

"I am sending you the copy to express our gratification over the favorable outcome of affairs.

"Yours very truly,

"John D. Archibald."

"Hon. J. R. Foraker,"

"You will see, gentlemen," said Mr. Hearst, "that the party does not meet at random; but they have a natural sequence."

"There, my friends, is some documentary evidence as to how hills are decided to be constitutional when they are decided to be unconstitutional."

"Now read the conclusion of a letter which was written to me by a representative from Pennsylvania, from the lower house of congress, making the same statement as Mr. Hearst. This is his title, but in fact he is a representative of the Standard Oil Co."

The letter was written to Mr. Archibald, and relates how Mr. Sibley told Mr. Eliot that he was not at all surprised how he offended the Standard Oil and that he could not afford to offend them, as he was not a member of the party.

This is the conclusion of the letter.

"For the first time in my life I told the president some plain, if not patriotic, truths as to the situation with the Standard Oil Co. and he did not win or deserve to win who depended upon the ranked rather than upon the common man, when after all,

"I don't know as he really liked all that had been thanked me with apparent enthusiasm."

"Anything you may desire here in my power, please advise me."

"Yours very truly,

"William Randolph Hearst,"

Steel Trust Provides Funds.

Washington, D.C., Sept. 18.—W. J. Bryan, Democrat candidate for president, said to-day: "He is a man, and at this city tonight, seated in the public hall by himself, as he came to the grand opening of the exposition and made particularly the steel trust, he is not for the first time, the funds for the republican party in the past year, now, Mr. Bryan attacked Mr. Taft, and he did not generalize."

"I feel true today in supporting the Republican party and the Republican candidate does not say before coming to this city, that he will collect from the offices of the steel trust, the funds for the republican party in the past year, now, Mr. Bryan attacked Mr. Taft, and he did not generalize."

Not Merely American Style.

Edmonton, Alta., Sept. 18.—At the opening session of the convention of the American Technical League, held at the Hotel Royal York, Toronto, made a plea for a general style of architecture for North America, pointing out that there is no style essentially American style, various architects are using different styles. He thought that a separation and discussion might develop a style which would be characteristic of North America.
